

## The Emergence of a New Apartheid State

The world will, in a short time, wake up to the fact that there is a new apartheid state in the world - as ugly, as brutal, as racist, as abominable as anything that existed in apartheid South Africa or the deep south of the United States before the civil rights movement."

## Lapid: Fence Recalls Apartheid

Israel will likely face the type of international castigation that beset apartheid South Africa if it does not change the route of the security fence, Justice Minister Yosef Lapid warned the cabinet Sunday.

His comments came during a discussion on the strategy the country should adopt in defending the construction of the fence before the International Court of Justice (ICJ) in The Hague. He suggested Israel reconsider the present route of the fence, which dips deep into Samaria to incorporate Ariel.

"Just since May, thousands of Palestinians have been made homeless in Rafah in Gaza in a relentless Israeli assault that in any other context in the world would be labeled as ethnic cleansing.

But no one is even talking about this...about the lives destroyed, about the hatred being sown, about the sheer scale of the atrocities being committed everyday in the Occupied Territories."
